

Announcing

New Multi-Media Online Course for HIV Reporting by Non-Name Code

The California Department of Health Services, Office of AIDS and ETR Associates are pleased to announce the launch of a new HIV Reporting by Non-Name Code Online Course.

Using animation, music, and narration, this course provides an interesting, fully interactive way for health care providers (including HIV Test Counselors) and laboratory staff to learn about the HIV reporting regulations and their specific responsibilities. Learners can proceed at their own pace and test themselves as they go.

Training highlights for health care providers include:

- Creating the Non-Name Code
- Developing and maintaining a cross reference system
- Completing the HIV Confidential Care Report Form

Training highlights for laboratory staff include:

- Creating the Soundex Code
- Creating the Partial Non-Name Code
- Understanding reporting requirements

BRN and CHES credits (2 contact hours) are available for a \$5.00 processing fee.

To take advantage of this great new training medium, go to <http://www.dhs.ca.gov/AIDS>. From the office of AIDS Homepage, locate the grey box titled 'HIV Reporting Resources' and click on the link titled 'ETR On-Line Training.'
